Telemecanique Sensors

Making sense of sensors

Discover

Our comprehensive range of products

The expertise of local competency centres

Localized production and customization

Our logistics are designed to meet your needs

Worldwide availability and support

Our products

> **Telemecanique Sensors:** a world-class global brand offering a comprehensive line of products with over 25,000 types of sensors, including limit switches, pressure sensors, photoelectric and proximity sensors. In addition, we provide state-of-the-art RFID systems that are tightly integrated with many PLC manufacturers, as well as industrial encoders.

> **Telemecanique Sensors:** known for high quality and superior performance, Telemecanique™ is second to none, and has all the right agency approvals such as IEC, NEMA, CE, CCC, UL, CSA.

Our sales team

> **A dedicated Sales team:** trained and experienced sales professionals are available to help you with any sensing application.

> **Telemecanique Sensors teams:** are available for pre and post sales support. We become an extension of your team and we share our expertise with you.

Localized manufacturing

> **High-volume manufacturing:** manufacturing is located in each of the major markets of Europe, North America and Asia to ensure prompt delivery, and short lead times to our local distribution centres worldwide.

> **Regional Flex-Centers** enable fast response and quick delivery of customized and specialty product services.

Availability and reliability

> **A worldwide supply chain with a network of local distribution centres** ensures the availability of Telemecanique Sensors and allows us to be a reliable supplier and partner.

> Choose the best suited product for your applications

|---------------------------|---|
| 1 OsiSense XCKP or XCMD | Compactness and modularity of the head for easy mechanical adaptation |
| 2 OsiSense XMLP | Compactness and robustness for reliable regulation |
| 3 OsiSense XCKD+XCKZ05 | Robustness for increased resistance to impact and the environment |
| 4 OsiSense XS | Ease of installation and adjustment |

> Scissor lift platforms

1 | OsiSense XCMD+XCMZ06

Compactness and multitrack mounting for detecting the various heights

2 | OsiSense XCKP

Compactness, providing easy mechanical adaptation

3 | OsiSense XMLP

Compactness and robustness for reliable regulation

> Boom lift platforms

1 | OsiSense XCKP

Compactness, providing easy mechanical adaptation

2 | OsiSense XS

Ease of installation and adjustment

3 | OsiSense XMLP

Compactness and robustness for reliable regulation

4 | 5 | OsiSense XCKP or XCMD

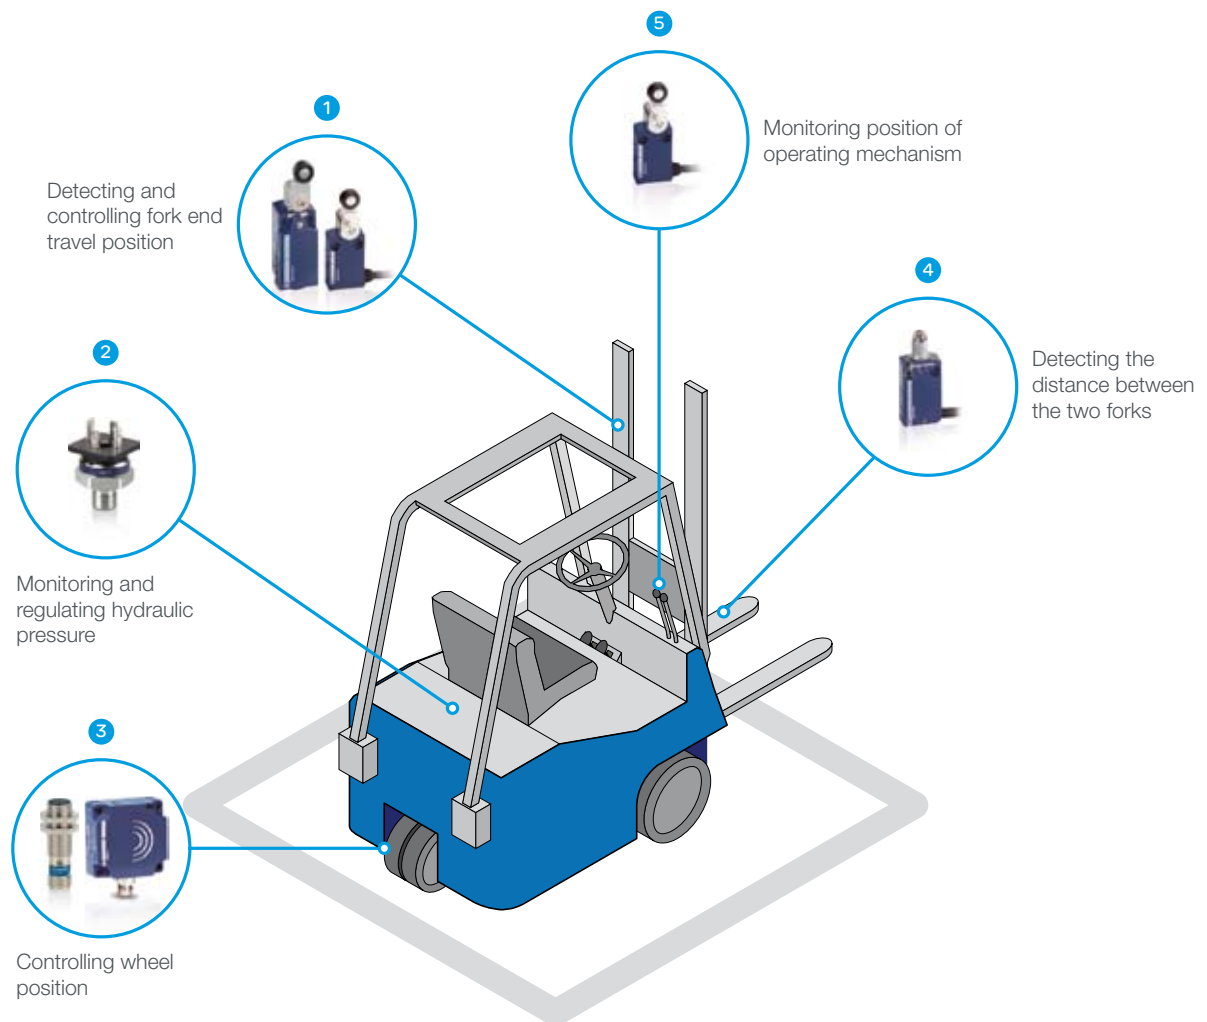

Compactness and modularity of the head for easy mechanical adaptation

6 | OsiSense XCKD

Robustness for increased resistance to impact and the environment

> Fork lifts

1 | OsiSense XCKP or XCMD

Compactness and modularity of the head for easy mechanical adaptation

2 | OsiSense XMLP

Compactness and robustness for reliable regulation

3 | OsiSense XS

Ease of installation and adjustment

4 | 5 | OsiSense XCMD

Compactness and wide choice of heads for easier integration
